

## **DRIVING INSTRUCTIONS TO FORT JOHNSON**

**From I-95**, take **Exit 86, I-26 East** to Charleston.

Continue on I-26E approximately 48 miles. Take **Exit 216A, SC7S/Cosgrove Avenue**. Bear right at the end of the ramp onto Cosgrove Avenue.

Follow Cosgrove Avenue for approximately 2 miles. The road will fork; bear left toward Charleston, **171S** (also called Old Town Road).

Continue south for approximately 4.5 miles. (NOW HERE'S THE TRICKY PART)

Route 171 will turn right at a light. Route 61 will continue through the light. You should continue through the light, immediately move into the right hand lane and follow the two lanes of **Route 61 that veer right and up to form an overpass**.

Continue through the next two lights, then take the next right hand exit – (**Route 30**) going toward Folly Beach/James Island.

From Route 30, take the first right hand exit (**Exit #2 Harborview Road**); turning right at the end of the exit ramp onto Harborview Road.

### **TO THE FORT JOHNSON LABORATORIES**

Follow Harborview Road for approximately 3 miles until it ends at **Fort Johnson Road**. Very near this intersection there is a convenience store on the left. (Just for reference, at about mile 2 you will pass a shopping center with a Piggly Wiggly on the right hand side.)

Turn left onto Fort Johnson Road; continuing for about 1 mile and **through the gate of the SC Marine Resources Center**.
