RESULTS OF PROFESSIONAL EXAMINATIONS

Applicable to all sectors – Measured for April 1, 2000-March 31, 2001

Due August 1, 2001

According to Section 59-101-350, the Commission is responsible for collecting “student scores on professional examinations with detailed information on state and national means, passing scores, and pass rates, as available, and with information on such scores over time, and the number of students taking each exam” from four- and two-year institutions to be included in the annual report to the General Assembly. The Commission on Higher Education also uses this information as the primary source with which to fulfill requirements in Section 59-103-30 for performance funding to collect information on Instructional Quality and Graduates’ Achievements by looking at the scores of graduates on post-undergraduate professional, graduate, or employment-related examinations and certification tests.

Past committee work and the development of performance funding have defined the collection of this information to include only first-time test takers (except the teacher education exams at four-year institutions, which include all test takers) for those students who completed an examination during the period of **April 1, 2000 through March 31, 2001**. The following list displays the exams that each sector has reported in the past. Please use this list as a guide for the exams you report this year on the table provided.

In addition to this information, the Commission is interested in collecting supporting data for other exams that **may** be used in the IE and performance funding processes. These exams were identified in a meeting with institutional, Commission staff, and State Tech Board representatives in 1999 for possible inclusion in these data collection efforts. As we continue to look closer at performance indicator 7D and through data verification efforts, we are interested in more detailed information that could affect the inclusion of these exams, or others. Please provide the information on the additional exams as requested below. Should you have suggestions for other exams to include here, please add those to the list with the appropriate information.

The Commission will request national and state pass rates and any additional information for these examinations, as it is available, from national and state agencies to be used in the report to the General Assembly. These national and state agencies can be found in “A Closer Look.”
