

THE NAVIGATOR
B.S. in Business Administration
(Global Logistics and Transportation Concentration)
2006-2007

The Navigator will help you develop a 4-year academic plan, enabling you to stay on course with your degree program. The recommended sequence of courses below can be modified to meet your personal needs. Please refer to the catalog for prerequisite information if the sequence is modified, and for possible limitations on elective credits. **It is important to meet with an advisor when planning your schedule each semester and it is equally important that you review your Cougar Trail ONCOURSE degree audit before and after registering each semester to verify that you are “On Course”.** *Students are reminded that they are ultimately responsible for their own academic program and course load. An advisor can only advise and can never replace individual student responsibility.*

***Please note detailed Course Requirements are on the next page.*
