Date:

By my signature, I hereby authorize the Department of Chemistry and Biochemistry to review my transcript and financial information on file with the Office of Financial Aid.

<p>_____ Initials</p>	<p>By my initials to the left, I also agree, that if awarded a Chemistry Scholarship, to attempt a minimum of 15 credit hours per semester, of which at least must three credit hours must be CHEM courses. Failure to do so will make you ineligible for future Chemistry Department scholarships and you will be liable to repay Chemistry Department scholarship monies received for that semester.</p>
<p>_____ Initials</p>	<p>By my initials to the left, I understand that all CofC scholarship students must maintain a 3.0 GPA and successfully complete at least 30 credit hours per calendar year. Students may not receive financial support for studies extending past four years.</p>

Please attach to this application a 3-5 page essay describing how you became interested in chemistry or biochemistry, your career goals, and why you should receive this scholarship. Please mention any undergraduate research or co-op/internship experience that you have. Include a discussion of your financial needs. Also, please attach a resume that includes any a list of any awards and honors you may have received.

The deadline for submission of all materials is **February 15**. Please give these materials to the Department Chair or Secretary.
