This letter is in response to your request for Material Safety Data Sheets (MSDSs) for the following product: Twelve Paq GeneAmp® dNTP Blend, 10 mM (P/N 4303442)

We believe this product is considered “non-hazardous” as defined under OSHA’s Hazard Communication Standard (29 CFR 1910.1200), therefore, we do not supply an MSDSs for it.

Please do not hesitate to contact me if you any further questions.

Best regards,
