

Ferrocenes, Catalysis and General Organometallics

Organized by Jason Overby, College of Charleston

Please join us for these three symposia covering a wide range of organometallic topics by leading researchers in the field from the Southeast Region.

Speakers scheduled to give talks:

Ferrocenes and Related Metallocenes

Richard Adams, Univ. of South Carolina
Timothy Hanusa, Vanderbilt Univ.
Greg Grant, Univ. of Tennessee at Chattanooga
Charles Kutal, Univ. of Georgia
Terrence Nile, Univ. of North Carolina at Greensboro
Paul Deck, Virginia Tech

Homogeneous Catalysis

Kevin Shaughnessy, Univ. of Alabama
Robert Hembre, Tennessee Eastman
Michael Gagné, Univ. of North Carolina at Chapel Hill
Maurice Brookhart, Univ. of North Carolina at Chapel Hill
Joseph Templeton, Univ. of North Carolina at Chapel Hill
Dean Harman, Univ. of Virginia
James Boncella, Univ. of Florida

General Organometallics

Gordon Yee, Virginia Tech
Ben Xue, Univ. of Tennessee
Brent Gunnoe, North Carolina State Univ.
Burgor Captain, Univ. of South Carolina
