Secure Share

Secure Share: Securely Share Files
By Information Security

What is Secure Share?
Secure Share is a Web-based application, developed by Liquid Files, that allows users to securely and temporarily share files. You can access Secure Share from off campus as long as you have an internet connection. Secure Share is available to staff and faculty at the College of Charleston. You may also share files with members of the general public.

Use of Secure Share is subject to US Copyright Law, the Digital Millennium Copyright Act (DMCA), College of Charleston policies, and all applicable State and Federal laws.

Please note that this is for sharing files temporarily, and files will be deleted after 14 days.

Get Started!

- Log in to Secure Share at <https://seureshare.cofc.edu/> using your College of Charleston user username and password.
- For information on how to login to Secure Share, upload and share documents visit, and other tutorials: <https://seureshare.cofc.edu/help>.
